Gentle On Skin

No Cuts

Removes Fine Hair

Sensitive Coating

Two-Way Pivot

Quick Shave

Icons

Defender For Heris for the woman on-the-go. The independently suspended blades remove fine hair easily, leaving your skin smooth and irritation-free. The sensitive coating on the guards provides an added protection that eliminates nicks, cuts and razor burns. Powered by FlexBlade™ Technology, the blades move along the curves of your body, giving you a smooth shave which results in whisper-soft skin. The anti-clog system reduces the time taken to shave. All this and more makes Defender For Her a wise choice for a razor.

HOW TO USE

- Use warm water and a lathering soap.
- Take strokes in the opposite direction of your hair growth.
- Rinse and repeat as required.

Flexibility like you've never experienced before. FlexBlade Technology™, that utilizes independent suspension and a two-way pivoting head, allows our razor to effortlessly follow the contours of your face. 3 high-quality blades provide a precisely close and comfortable shave with zero tug and pull while helping you shave any tough to reach area like that under your nose.

HOW TO USE

- Gently place the razor on your skin.
- Take short downward strokes along the grain, i.e. in the same direction that your hair grows.
- Rinse as required and repeat.

MORINGA is a Superfood. It has 7 times more Vitamin C than Oranges and 15 times more Potassium than Bananas.

- Contains Omega fatty acid to protect skin's moisture barrier
- Anti-aging properties to reduce hyperpigmentation
- Rich in Vitamin C to improve skin's elasticity

PENTAVITIN connects perfectly with the skin's surface layers and doesn't wash off easily, locking in moisture like a magnet.

- 100% natural and plant-based extract that provides **48 HOUR HYDRATION**
- Shields skin against UV & pollution damage
- Penetrates deep into the skin, to repair & moisturise

"Dad, you're an **OLDIE** but a **GOODIE**".

A close-up of a silver safety razor with the Bombay Shaving Company logo on the handle.

A promotional image for Bombay Shaving Company's Beard Growth Oil. The background is a solid blue. In the center, a bottle of the oil is shown with a red cape draped over it, giving it a superhero appearance. The bottle has a black label with white text that reads "BEARD GROWTH OIL" and "ADVANCED FORMULA". To the left of the bottle, there are three small red hearts. The Bombay Shaving Company logo is in the top right corner.

Handmade SOAPS

VS. Ordinary SOAPS

GLYCERIN

Packed with glycerin, which is highly prized in the soap industry due to its tendency to attract water from the atmosphere, handmade soaps keep your skin highly moisturised.

NON-GLYCERIN

Stripped of glycerin, ordinary soaps cause excessive skin dryness, forcing you to buy moisturising products.

ESSENTIAL OILS

Enriched with pure essential oils, handmade soaps benefit your skin from the lack of harmful chemicals, and also nourish it with the therapeutic properties each essential oil offers.

HARMFUL CHEMICALS

Your "fresh rain" or "cherry blossom" labeled soaps contain hundreds of harmful chemicals to increase shelf life and strip your skin of its natural oils.

HAND-MADE

Made with organic ingredients, that are safe and environmentally-conscious, handmade soaps are an eco-friendly alternative to commercial soaps.

MACHINE-MADE

These soaps are not 'made' but 'manufactured' in a slurry mixer laden with acidic ingredients that affect the pH, while also generating hazardous by-products that are harmful to the environment.
